## Company Introduction

LX Hausys America, Inc. is a part of LX Hausys Ltd., one of the world's leading providers of building and decorative materials employing more than 4,300 employees spanning the globe. Headquartered in Atlanta, GA., LX Hausys America uses the industry's most advanced technology to design beautiful and functional spaces with eco-friendly and sensible products. LX Hausys America's business lines include surface materials, flooring, and automotive components.

## Product Introduction

### HIMACS by LX Hausys

#### HIGH-MARBLE ART FOR CUSTOMER SATISFACTION

HIMACS Solid Surface is a delicate composition of acrylic, minerals and natural pigments that combine to create a smooth, non-porous, thermoformable surface. HIMACS can be worked in the same way as wood by using conventional carpenters' tools, and HIMACS sheets can be joined to be a large, hygienic, easy-to-clean surface with inconspicuous seams. The material meets the highest standards for quality in all aspects: material performance, fabrication, functionality and hygiene. Thanks to these qualities and the outstanding flexibility in fabrication and design, HIMACS offers countless advantages over conventional materials.

HIMACS Manufacturing Plant in Adairville, GA

Not all LX Hausys America's products are manufactured at the plant in Adairville, GA. Products that are manufactured in the U.S. are made with U.S. and imported parts.

## THE NEW GENERATION OF INSPIRATION

There are no limits - The new generation of inspiration is here. Design has no boundaries and imagination leads the way. From functional kitchen surfaces and spaces to 3-dimensional installations, the unique properties of HIMACS Solid Surface material allows you to create what once could only be dreamed.

Featured Color: Aurora Linen Cream

## HIMACS Benefits

### Unlimited Design Options

HIMACS can be thermoformed, cut, drilled, shaped, routed and joined together to accommodate a multitude of applications.

### Hygienic & Non-porous

HIMACS is non-porous and safe for food preparation. It is certified by NSF (National Sanitation Foundation) and can be used for a broad range of application where hygiene is essential.

### Inconspicuous Seams

When two sheets are combined, HIMACS can look like a continuous material.

### Easy Care

HIMACS is easy to clean and does not need sealing or special products for maintenance.

### Renewable

HIMACS can be restored to its original state like it is new. Deep scratches or damage may be restored by a certified professional.

## Certifications

## Aurora Collection

The Aurora Collection, inspired by the Aurora Borealis, embodies a low-contrast, organic swirling movement throughout its designs. The collection's trendy nuances are both futuristic and classic, available in a wide variety of color hues.

# Other HIMACS Colors

## CLASSIC Collection

- The "inch" dimensions are nominal.
- Search for LX Hausys on NSF.org to see the listing of the certified HIMACS colors.
- Digital representation of colors may vary from actual product. Please view the actual product prior to purchase.
- Darker colors tend to require more attention than lighter colors to maintain a uniform finish.
- CGI renderings are shown for illustration purpose only.
